A stud prefix when registered, is a unique name which will precede any name you call your stud animals. This name will be checked for uniqueness with the National Stud Cattle Prefix Register and must be a minimum of 4 characters and cannot exceed 16 characters. Members often use their property name but this may not be acceptable due to the name already being in use by another breeder. This name will become recognised by your buyers and so is used as an effective marketing tool. Please choose it wisely.
